## **FUN & FABULOUS PHOTO APPS**

# FUN PHOTO APPS

## GET CREATIVE WITH PHOTOS

**Waterlogue** (IOS, \$3.99) is an app that converts your images into beautiful watercolors, right before your eyes.

**Prisma** (IOS and Android, FREE) is an app with various filters that will transform your images into artworks using the styles of famous artists such as Munch, Picasso, and Mondrian.

**Phonto** (IOS and Android, \$2.99 once) Get creative with placing a variety of fonts on your photos.

## GET CREATIVE WITH VIDEO

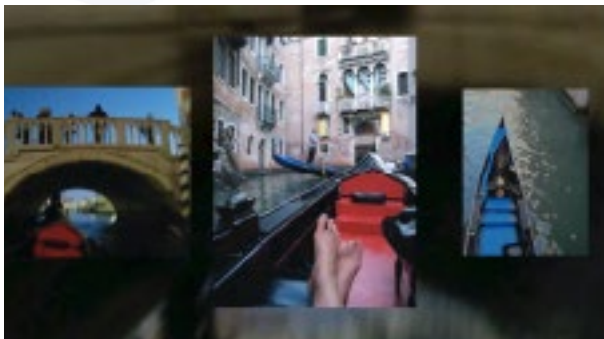

**iMovie** (IOS, FREE) Make your very own Hollywood-style movie trailers and create customized full-length movies, complete with titles, effects, and music, on any IOS device. You can even start editing on your iPhone or iPad, then finish on your Mac.

**Vont** (IOS and Android, FREE) Place all kinds of creative fonts on your videos.

**Animoto** (IOS and Adroid, FREE app, Subscription based service) The app works with the account you create on the website. Upload your photos and video, and choose your music. Animoto automatically analyzes your song, chooses appropriate motion design and syncs your images to the music. You'll get a custom video back in a matter of minutes. [www.animoto.com](http://www.animoto.com)

## FIX & ENHANCE YOUR IMAGES

**Snapseed** (IOS and Android, FREE) has tools and filters galore that you can use to enhance your images.

**FaceApp** (IOS and Android, \$7.99 a month or \$39.99 a year) Generates highly realistic transformations of human faces in photographs by using neural networks based on artificial intelligence. Can transform a face to look younger, older, change gender, or just smile.

## CREATE COLLAGES

**Diptic** (IOS and Android, \$2.99) Diptic is one of the best apps for making photo collages. Choose from various layouts and formats. Rearrange, resize, apply filters, change borders, and add text - you can even animate your images. Save your collage to your Photos App and share it as a single image or video. It's a perfect way to remember and share your favorite moments.

## BACK UP, ORGANIZE, & ENHANCE YOUR PHOTOS AND VIDEOS

**Google Photos** (IOS and Android, FREE) Image backup is just one reason you should be using Google Photos. Another is accessing these images from any device or from the web. You can also create collages, animations, movies and perform editing enhancement.
